

Doyle Chambers' Business System Report #2: The Command Center...

I'll let you in on something...

The number one problem is not just RECRUITING, but in recruiting people who will also recruit, and so on...

No MLM program - no matter how attractive, no matter how legitimate, no matter how well supported with recruiting tools and educational aids - can be certain that everyone involved will produce a systematically growing downline.

MLM is a people-helping-people industry, but unfortunately - it's PEOPLE who cause it to have such a poor success rate. Not you of course, but perhaps the next person you enroll, or the person THEY enroll. Someone is certain to.

But there is no way to succeed in the MLM industry without depending on a large number of other people to do what is necessary.

The reality is - it may take a very long time for only a few people to become successful. You are risking YOUR future, YOUR goals, and YOUR dreams on a bunch of people who may, and probably WILL, let you down. People who, for the most part, you don't even know, don't know you, and probably could not care less whether they are letting you down or not.

THE BIG SOLUTION IS PERFECTLY CLEAR TO ME ...

MAKE THEM SUCCESSFUL!

DON'T WAIT FOR THEM TO BE SUCCESSFUL WORKING ON THEIR OWN. Instead, ONE Command Center will do ALL the direct recruitment and training. This persistent activity by one command center will produce systematic, geometric progression which WILL produce MAXIMUM growth.

The REAL object is to move from point "A" to point "B", with point "A" being your current financial situation and point "B" being where you want to be financially - within a reasonable period of time.

I have worked this system with ONE MLM company for over 14 years...that's right...14 years. I have proved that my system works beyond all doubt.

WITH EVERYONE WORKING TOGETHER AND AIMED IN THE RIGHT DIRECTION, THIS VEHICLE WILL GET YOU TO A POSITION OF FINANCIAL INDEPENDENCE. All it needs is a *constant supply of fuel* to reach its destination.

WHAT IS THE FUEL? REFERRALS!!!

Using my exclusive Postcard Referral Marketing System, I'll show you how to mail referral postcards and get people to go to my website and request a free report. ***My automatic system will send the complete information to your referral prospects.*** In effect, I will be sending your referral prospects an invitation to join us in YOUR downline.

I will do a large part of the work. All direct recruitment will be conducted and administered by my organizational office ("The Command Center").

I am very good at "teaching" people how this system works. I will explain and teach all of your referral prospects how to work this business and be successful. And with a program as good as this one, it is a very easy "sell".

I AM IN THE BUSINESS OF MAKING PEOPLE SUCCESSFUL IN A BUSINESS WHERE VERY LITTLE SUCCESS EXISTS...AND I AM VERY GOOD AT IT!

If you simply enroll, mail 30 postcards a day and remain active by purchasing the bonus qualifying amount of products every month, then I will do the rest.

Until YOU start working this system, you can't even imagine how well it works. I've made it simple for YOU and countless other associates BECAUSE I personally do the major work (for over 18 years now!).

In fact - My Own Organization was recently recognized by the Company for having One of the Fastest Growing Organizations in North America. That is Proof Positive that my system works for my Associates!

NOW, please take the time to read everything in this entire report completely and immediately. Then call me and I will help you get started today!

Realize Your Dreams of Wealth and Success with Alivamax and Doyle Chambers' Winning Team!

I have gone to great efforts to design my marketing system so that it is easy to understand and easy to do.

1 I'll begin with a basic introduction to the secrets that you must understand and use in order to create wealth.

2 I'll show you how network marketing allows you to incorporate these secrets and use them to your advantage.

3 I will show you why ALIVAMAX is the right network company today.

Statistics now show that 97% of the population, at age 65 are broke.

They are dependent upon friends, family, or the Federal Government for financial support. In fact, we are not much better off than we were at age 18 after spending 40+ years working.

It's not that we don't work hard or that we don't want to succeed - we just don't understand how. The problem is that most of us were never taught how to succeed financially. Think about it. In all your years of schooling did you ever see a class offered like "SUCCESS 101" or "WEALTH BUILDING 101" ?

The average income today for someone with a Masters Degree is less than \$50k per year.

Why have others created fortunes with little more than a high school education? Maybe you were told that hard work was the most important thing? Honestly, do you think that Donald Trump works any harder than your average steel worker? Of course not, but - he does work differently.

What are 3% of the people doing differently than everybody else to earn above average incomes and live above average lifestyles?

They understand the rules of the game and the secrets you must employ in order to create wealth.

#1 - Be Your Own Boss

Today, more than ever, we are seeing that there is no longer security in working for someone else. Unless you are building equity in you or something you own, you are wasting your time. You must be in charge of your own destiny and in control of your future. You absolutely, positively must be your own boss! Today people are turning to network marketing as the answer to owning their own business. It is the only opportunity where an average person can start a business of their own for very little money and virtually zero risk. Yet, it provides the potential of creating unlimited income and wealth. No other business today allows you to start with so little and offer so much potential!

#2 - Leverage

Most people today are never able to create wealth because their income is limited to just them. They are simply trading their hours of work for someone else's dollars. As long as your income is limited to what you can personally earn with your own two hands - creating wealth will be difficult, if not impossible.

J. Paul Getty said it best, "I'd rather earn 1% from the efforts of a hundred people than I would a 100% from my own efforts." Networking allows you to incorporate the efforts of other people by sharing the business with them and sponsoring them into your organization. They in turn will sponsor others, and so on, and so on -- and through the process of duplication your organization will grow and multiply. Soon you could have hundreds, or even thousands of people in your organization, from whom you'll receive a percentage. This allows you to create unlimited income and wealth!

#3 - Residual Income

Successful people find a way to get paid over and over again on the work they do today. How would it be if you could develop a business that would create a continual stream of ongoing income that would continue to flow to you whether you went to work or not? Since Networking allows you to build an organization of hundreds or even thousands of other people from which you'll earn a percentage, your income will not be limited to you and your work. You may decide to take a month off, meanwhile your organization can continue to grow as others share the products and build their own business. Thereby creating a stream of ongoing permanent residual income -- a true money tree! No other business can provide you the GIANT Income and lifestyle that networking can!

#4 - Timing-Huge Demand

Find a trend, something that's going to be big and get in front of it. The baby boomers are aging and the health and wellness industry is predicted to triple over the next few years. This will be the most exciting industry of the future.

The key to making a lot of money in network marketing is to get started with the right company, at the right time, and develop an organization that will position itself in front of a huge trend so you will experience EXPLOSIVE GROWTH!

Network Marketing is a distribution system...a method of moving products through Independent Distributors who have the potential to create incredible residual incomes for themselves.

Network Marketing is the legal distribution of products cutting out the middle man and the cost of advertising so that excellent products can be brought to the public in a more inexpensive manner through independent distributors.

Network Marketing relies on Independent Distributors using word of mouth advertising to share the story of the products...Satisfied Users of products spreading the word and enlisting others to do the same.

EACH PERSON ORDERS DIRECTLY FROM THE COMPANY!

The Company is going to pay you residual bonus checks week after week...when associates you find and refer to the company purchase their products.

The Company will pay you bonuses based on their volume of purchases and...when they enroll others, you get paid on their purchases also...and the ones they enroll...and so on.

The Company has an automatic purchase program and delivers the products every month directly to the consumer (you).

It is important to realize that the product is highly consumable. Customers will be excited about their results and they will want to share the products with others and reorder on a monthly basis. This creates repeat business and residual income.

There are countless product testimonials. These outstanding testimonials and the product's effectiveness creates intense loyalty. When people share their story, your business grows.

Also, you'll feel good about the fact that you can impact the lives of so many people in a positive way.

Today, the Network Marketing Company I've carefully chosen is ALIVAMAX!

After careful due diligence, I have found very few opportunities that rival the GIANT income potential found with a home-based business called ALIVAMAX. It is bringing real, achievable wealth and success to thousands of ordinary men and women. Even doctors and CEO's are getting into ALIVAMAX.

ALIVAMAX has developed a wellness product that can have an extraordinary effect on your health. The wonderful thing is this...as you encourage other people to get involved with ALIVAMAX, two things happen.

First, you begin to make a second income that can soon become \$100, \$500, \$1,000 per week and more. Second, the people who take the products not only begin experiencing the extraordinary health benefits -- they're so excited about them they recommend them to their friends and associates - and they begin earning second incomes as well.

In no time at all, through a process of multiplication - you end up with a great number of people in your organization who all contribute to your income. Over time, your income can grow to become GIANT LIFETIME INCOME.

I can tell you this - if you do what I and thousands of other people are doing - you'll not only change how you feel, but the income earned can change your life! My advice to you in these uncertain times is that you would be wise to create multiple streams of income today with ALIVAMAX!

Getting started is simple:

- 1) Choose your membership level. Members Plus Club (\$300 Monthly) -- or -- Members Club (\$50 Monthly).
- 2) Enroll on the monthly automatic product shipment program.

Here's how you make money:

Simply use my Postcard Referral Marketing System to share the opportunity and products with at least three other people, such as Tom, Sue and Mary in our example. You can now begin to accumulate volume (from the product purchases of your downline members).

In the Members Club, if you sponsor more than three people, the additional people get placed under Tom, Sue and Mary. This forces you to build depth in your matrix organization and help Tom, Sue and Mary be successful.

ADDITIONALLY, YOU ARE PAID CHECK MATCHING BONUSES EACH WEEK ON EVERY PERSON YOU PERSONALLY ENROLL. THESE CHECK MATCHING BONUSES CAN GROW TO BECOME GIANT LIFETIME INCOME FOR YOU AND YOUR FAMILY.

In the Members Plus Club, you earn \$62.50 Per Person - Down 3 Levels - Unlimited Width.

As your business grows and more volume is generated by the distributors working underneath you, your weekly checks will begin to get bigger and bigger. Eventually your business may mature and generate enough volume points earning you a very substantial weekly income.

With ALIVAMAX, you can get started for very little - yet have the potential to develop unlimited income.
