

## Doyle Chambers' Business System Report #8: Effectiveness is Elusive...

You may want to print out this Report so you can easily read it.

Maybe you've tried to work an MLM business in the past -- but you never made any significant money.

Or, maybe you are currently working some other MLM program right now with high hopes for making significant money.

**THE ANSWER TO THIS IMPORTANT QUESTION WILL DETERMINE IF YOU ARE SUCCESSFUL, OR NOT.**

***What kind of recruiting system are you using to promote your MLM business?***

Too many people become overly attached to a particular MLM company or product, and fail because of it. *What do I mean?*

If you don't have an effective way for you and your downline people to FIND and GET new people to join, then everyone will fail -- no matter how much you love your MLM company or product.

**WITHOUT a powerful recruiting system that will AUTOMATICALLY FIND AND GET PEOPLE TO JOIN your MLM business -- you and your downline will most likely fail.**

You MUST understand something very important when you get involved with someone's business marketing system.

**HERE'S THE STRAIGHT TRUTH ABOUT BUSINESS MARKETING SYSTEMS.**

The "effectiveness" found in some (but not all) powerful marketing systems was created by accident. Don't let anyone tell you different.

And over time...some exceptional accidents happened.

The only way to recreate that "effectiveness" is to study more than a few special examples of all the powerful performing marketing systems, while acquiring a thorough understanding of exactly what devices were used -- and precisely how each system was constructed.

If someone is willing to spend the enormous time, money and energy required to chase this "elusive dragon", ONLY THEN is the "effectiveness" or "predictable responsiveness" of a marketing system REPEATABLE.

*I DID JUST THAT. I know what works...and what doesn't.*

**Over 20 years of relentless work, I personally designed my powerful marketing system. I fully understand the complexities and the psychological aspects at play for triggering a predictable human response.**

In fact, there are several of my own triggering devices built into my marketing system that cannot be readily discerned.

Take a close look and see how my Postcard Referral Marketing System compares to the recruiting system you are now using to promote your chosen opportunity.

When you look closely, you will most likely see the severe limitation of the recruiting system you are now using.

**MY RECRUITING SYSTEM WORKS AUTOMATICALLY.**

Most other recruiting systems involve chasing people.

Remember this: Using a system that depends only on contacting people on your warm market list is certain failure.

Even if you do enroll a few people, they will quickly drop out because they have no effective way to build it.

You and everyone else will run out of new prospects within 15 minutes. Their contacts were few...and their businesses ended quickly.

Now what do you do? Some recruiting systems will help you find people, BUT then you have to go CHASE THEM DOWN and HARD-SELL THEM to convince them to join your opportunity.

## **DO YOU WANT TO BE THE HOUND CHASING A RUNNING FOX?**

That's exactly what most other systems will have you do.

## **DO YOU ENJOY CHASING PEOPLE WHO RUN FROM YOU?**

**My system attracts people AUTOMATICALLY and GETS PEOPLE TO JOIN WITHOUT CHASING THEM.**

**MY RECRUITING SYSTEM AUTOMATICALLY DOES ALL THE WORK FOR YOU, ME AND EVERYONE IN YOUR DOWNLINE.**

### **HERE'S WHAT IS NOW HAPPENING.**
